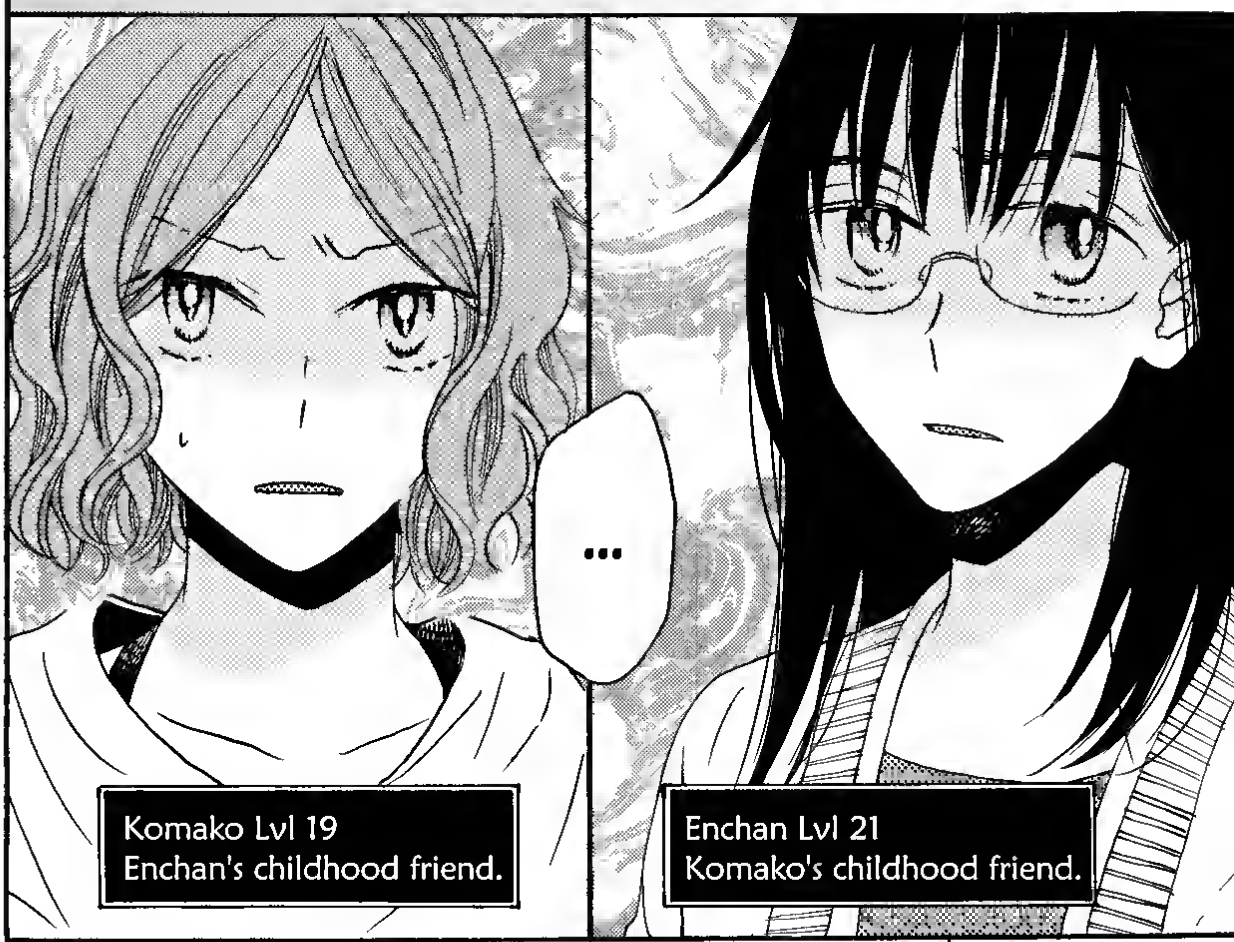
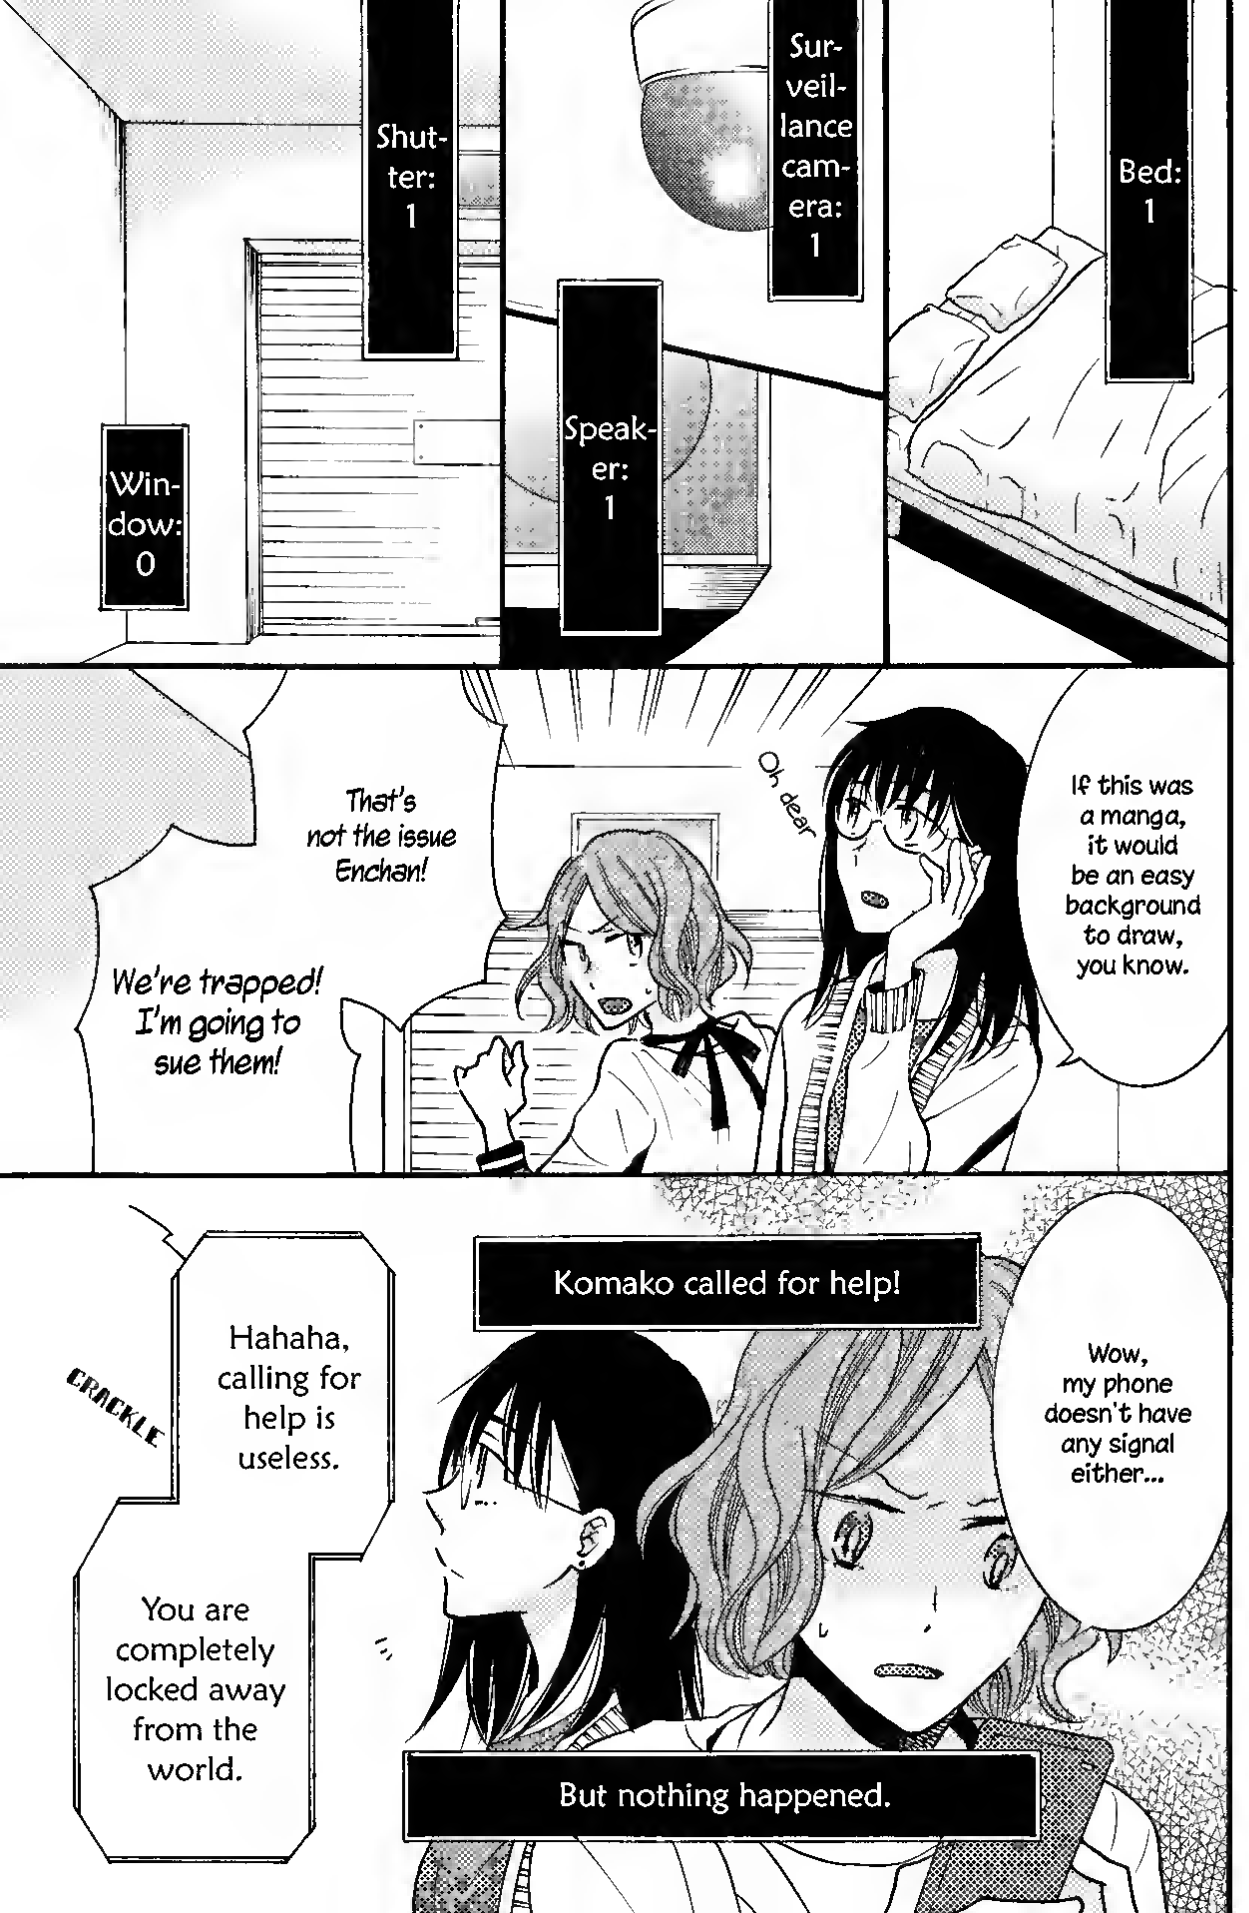
This shutter won't open unless you have sex.



You two are locked up together.



Win-dow: 0
Shut-ter: 1
Speak-er: 1
Sur-veil-lance cam-era: 1
Bed: 1
If this was a manga, it would be an easy background to draw, you know.
Oh dear
That's not the issue Enchan!
We're trapped! I'm going to sue them!
Komako called for help!
But nothing happened.
Wow, my phone doesn't have any signal either...
CRACKLE
Hahaha, calling for help is useless.
You are completely locked away from the world.

Who are you!? Why are you doing this?
Why? That's a dumb question.
I'm just a Fujoshi with some monetary assets at my disposal.
When I find a couple I like, I lock them up in a room they can't escape from unless they have sex. That makes sense, right?
Where are you!?
Well... It looks like we probably don't have a choice...
I totally get it.
It looks like you understood fast. That helps.

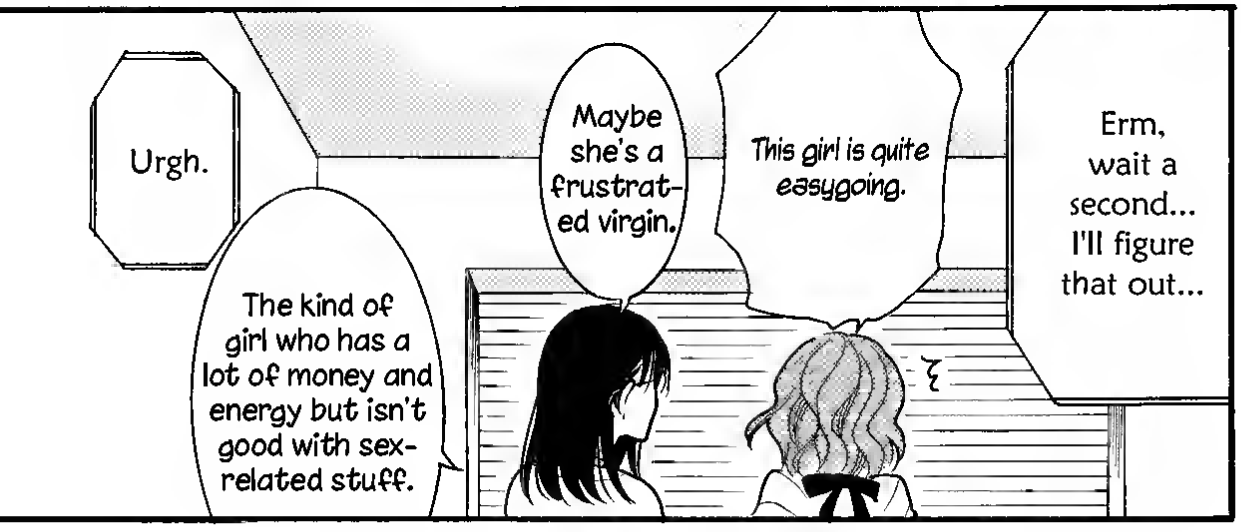
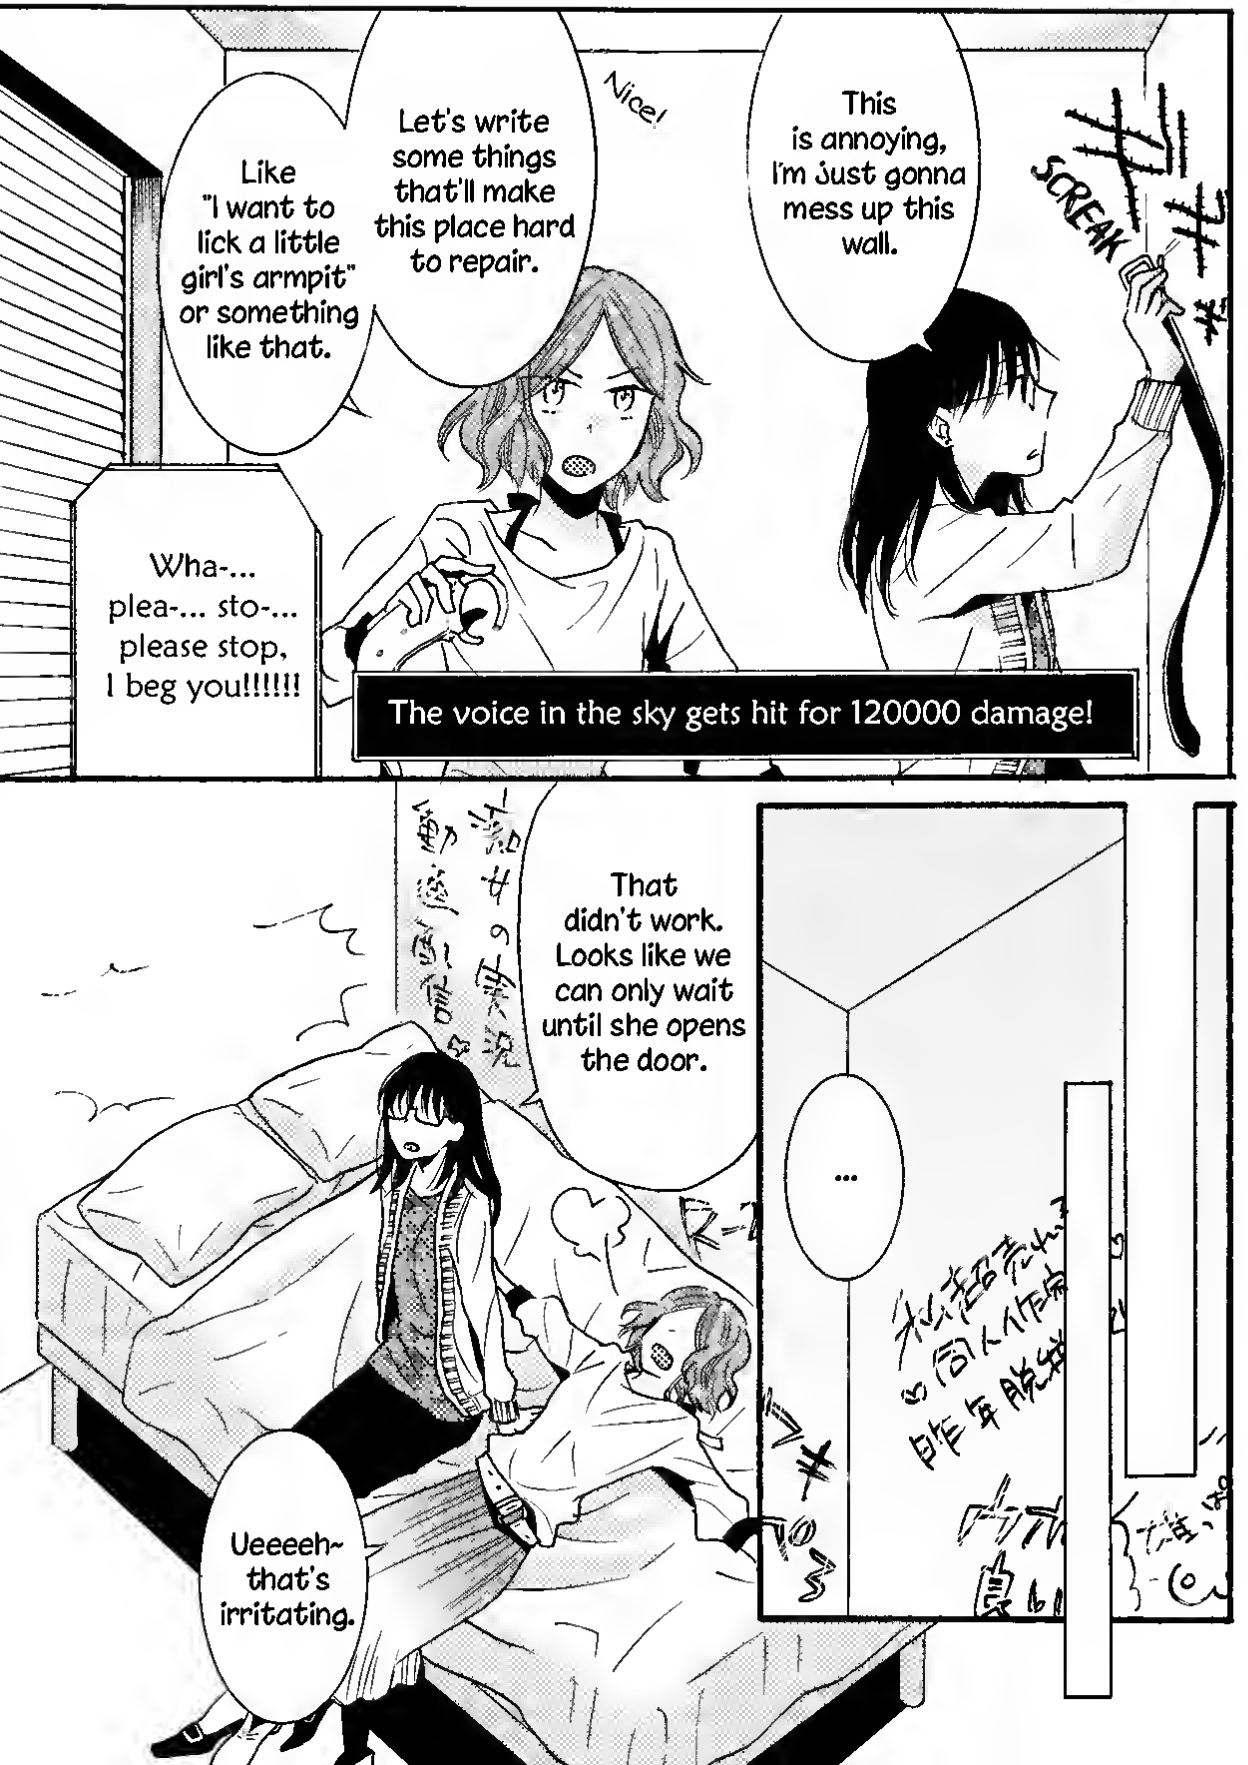
Enchan: Fujoshi responsible for a primary schoolgirl anime production
And then? What do you want us to do now that you've locked us up?
Well, sex...
But we're both girls!
That's obvious, but I like Yuri, so...

In that case, how exactly do you define sex?
Petting? Oral sex? Finger penetration? Sex toy penetration? Or simply until we reach orgasm?
...
If we have to use sex toys, do we have to penetrate each other?
...

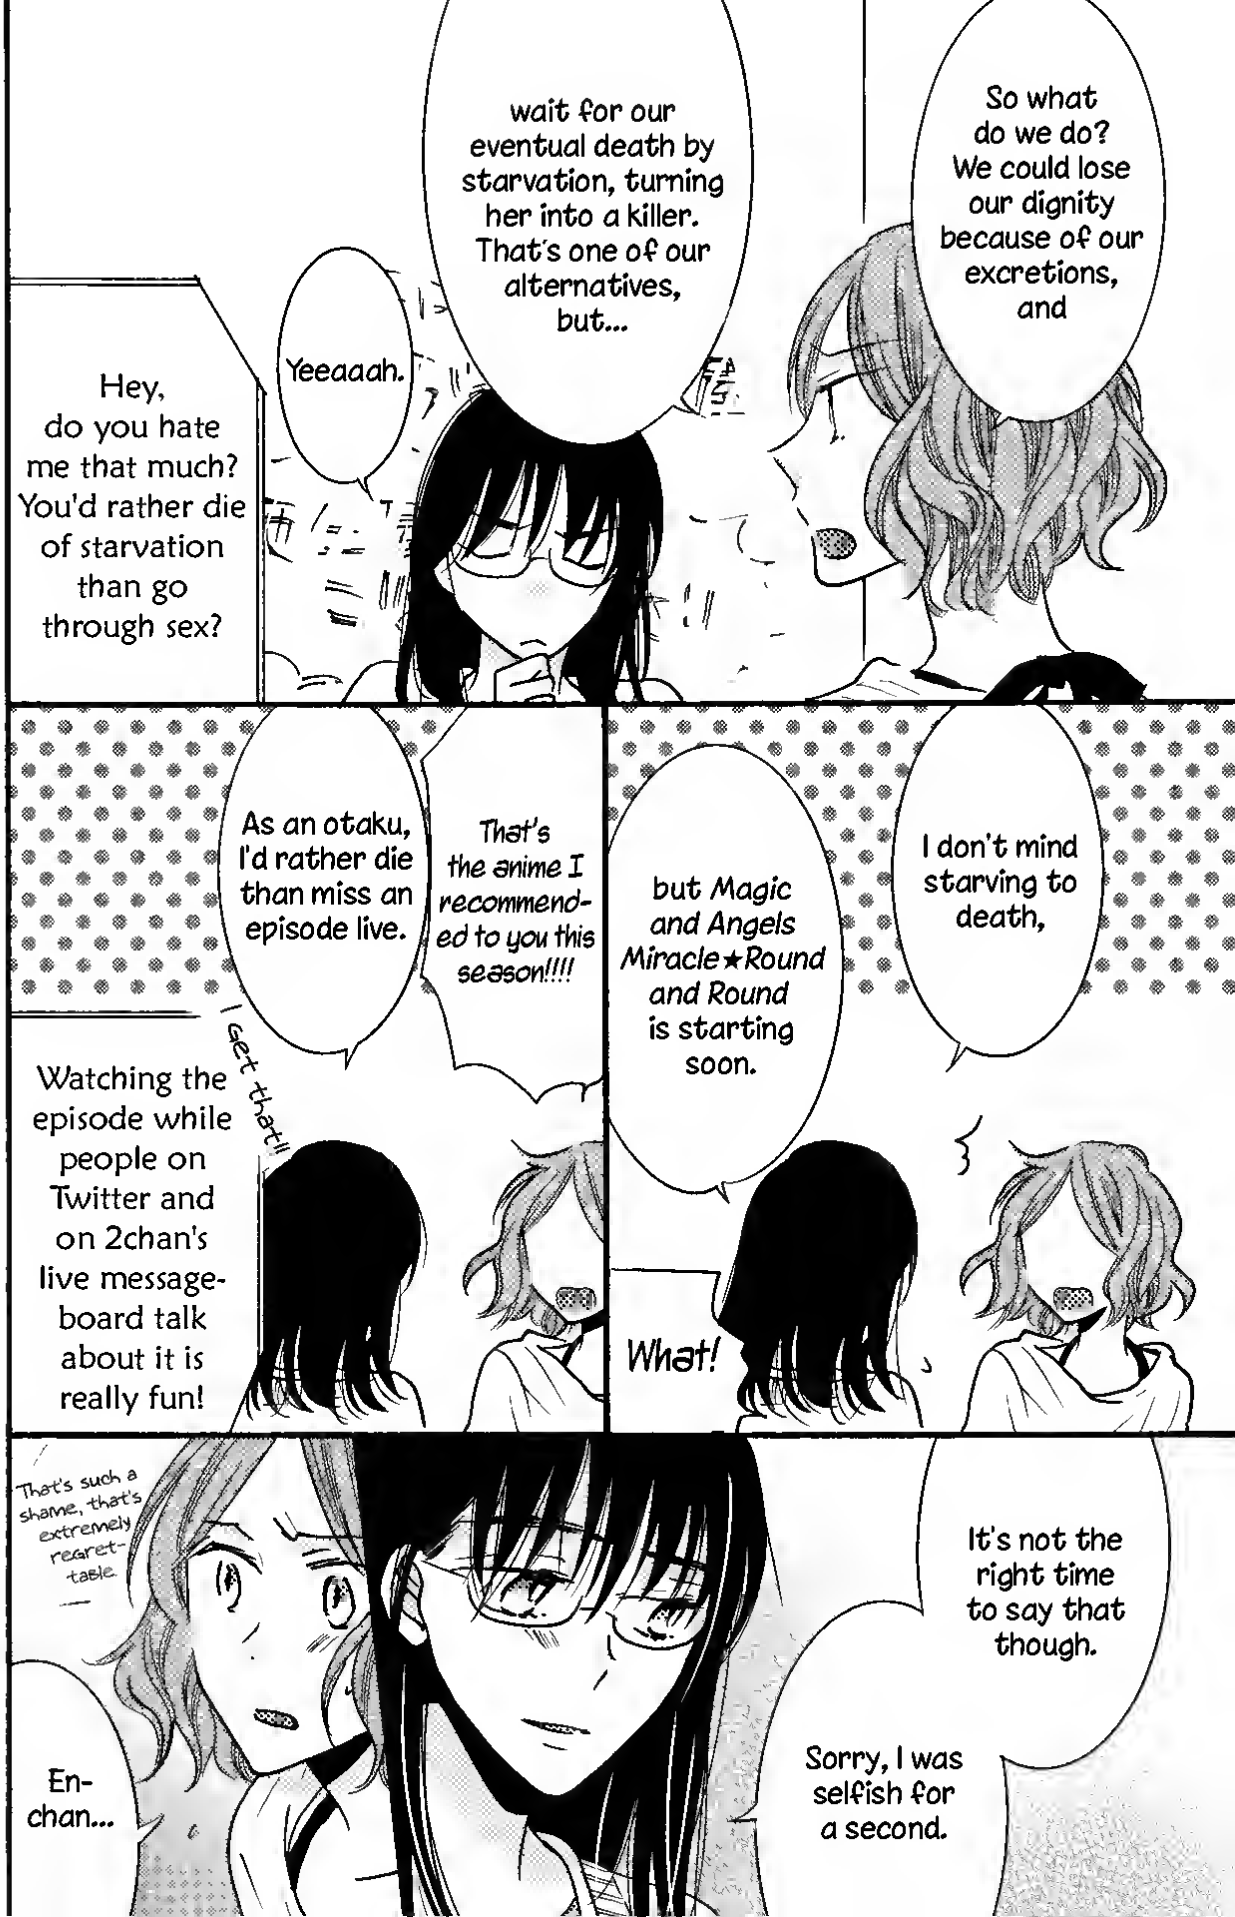


Urgh.
The kind of girl who has a lot of money and energy but isn't good with sex-related stuff.
Maybe she's a frustrated virgin.
This girl is quite easygoing.
Erm, wait a second... I'll figure that out...

Ah, then as long as it's cute!
If you two do something lewd that I find cute, then I'll open the shutter!
Quite easygoing.
Well, that'll be our last resort.
First, we're going to try to find another way out.
Eh? Ah, can you stop ignoring me please?
This room doesn't have any vents or drains.
Damn, there's no toilet either...
Even if we can sustain ourselves for some time without water or food...



Like "I want to lick a little girl's armpit" or something like that.
Let's write some things that'll make this place hard to repair.
Nice!
This is annoying, I'm just gonna mess up this wall.
SCREAK
Wha-... plea-... sto-... please stop, I beg you!!!!!!
The voice in the sky gets hit for 120000 damage!
That didn't work. Looks like we can only wait until she opens the door.
...
Ueeeeh~ that's irritating.



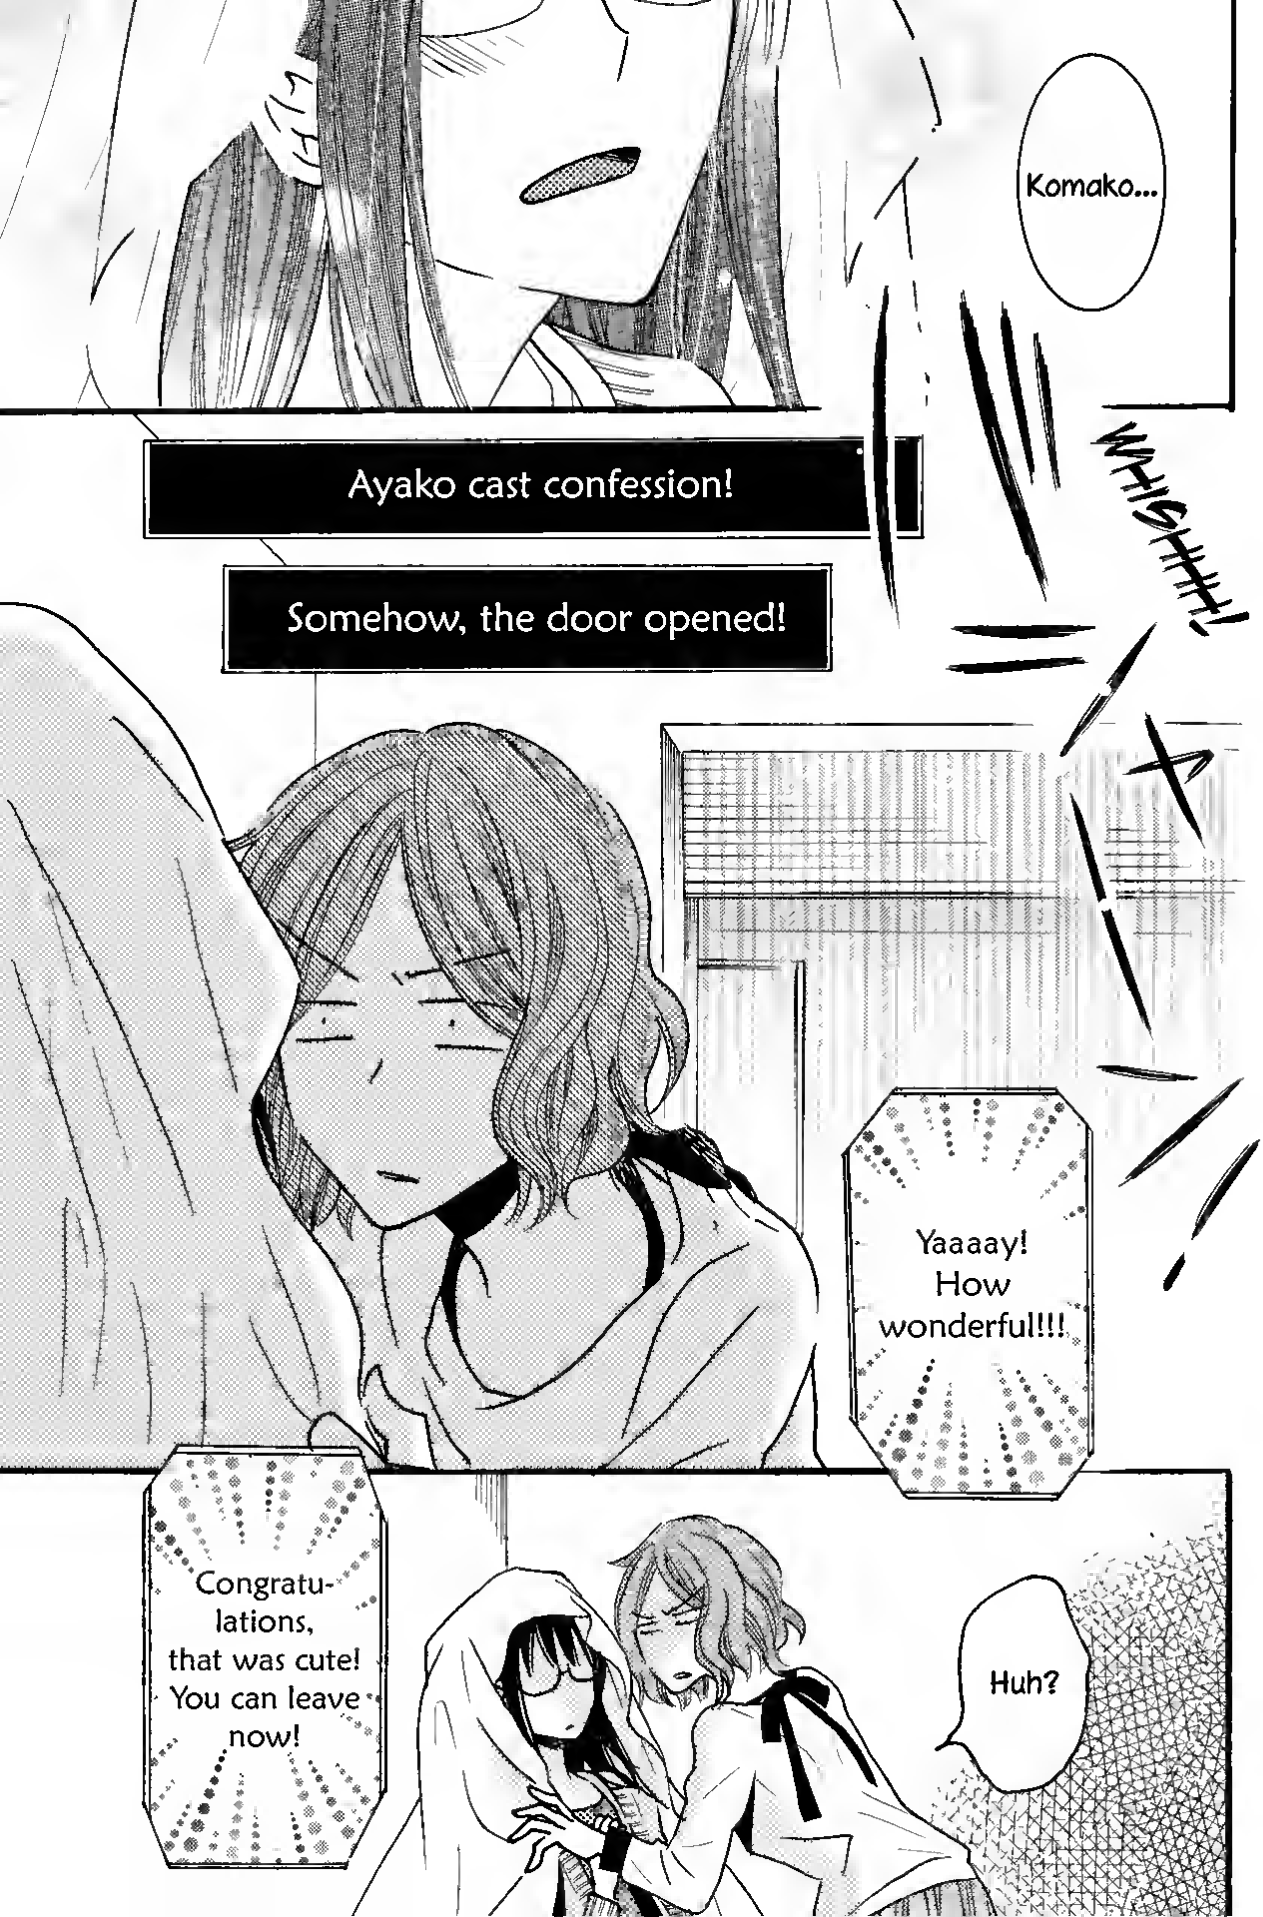
So what do we do? We could lose our dignity because of our excretions, and
wait for our eventual death by starvation, turning her into a killer. That's one of our alternatives, but...
Yeeaaah.
Hey, do you hate me that much? You'd rather die of starvation than go through sex?
I don't mind starving to death,
but Magic and Angels Miracle★Round and Round is starting soon.
What!
As an otaku, I'd rather die than miss an episode live.
That's the anime I recommended to you this season!!!!
I get that!!
Watching the episode while people on Twitter and on 2chan's live message-board talk about it is really fun!
It's not the right time to say that though.
Sorry, I was selfish for a second.
That's such a shame, that's extremely regrettable.
En-chan...

...
Please, sit here.
thud
Enchan, here!
grab
Ko-mako?
Listen, come here!
Put this on your head!
rustle
I think the camera won't see us well from this angle.
You may not like having to do this with me, but...

I absolutely want to see that godlike anime.
...Koma-
-ko...

Actually,
I never intended to tell you before.
Even if I were to tell you, this situation isn't great.
I wanted to do it at a better time, but
clench

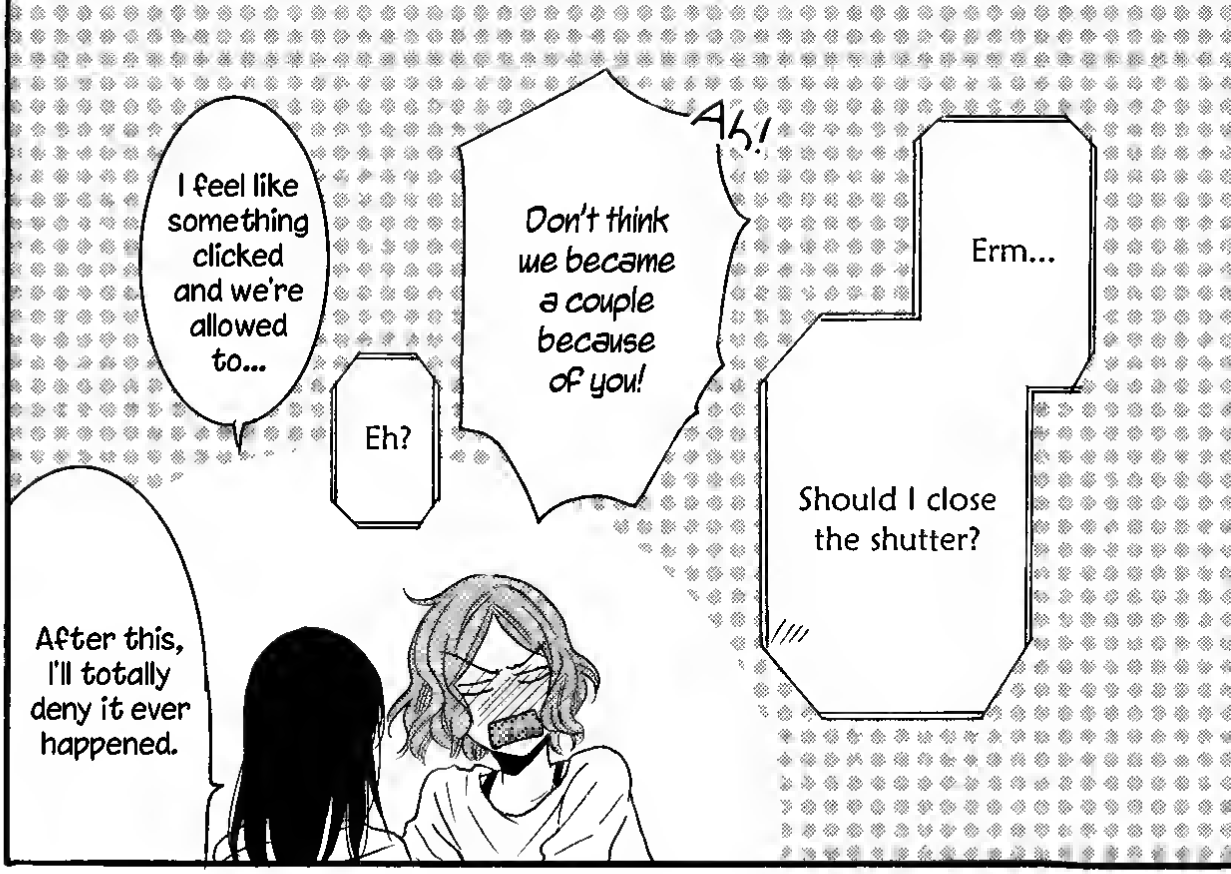
Ever since we were kids, I've loved you, Enchan.
Please have sex with me.



Komako...
WHOSHHH!
Ayako cast confession!
Somehow, the door opened!
Yaaaay! How wonderful!!!
Congratu-lations, that was cute! You can leave now!
Huh?

I thought I was in the mood for some erotic stuff, but platonic yuri is fine too!
As promised, you can go home!
Hah? Eh?
Wha?
But Enchan!
blush
I have to kill her!!
Ah, but when's the anime broadcast time again?
I don't care about that.
Komako.
It's fine now.
Give it back! My beautiful determination!

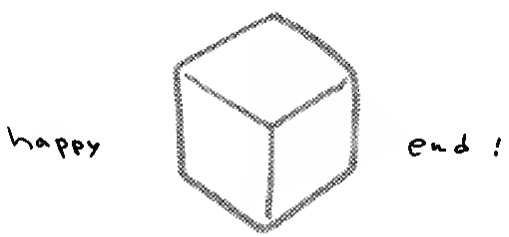
Shall we go ahead and become a couple?
More than that anime,
I can only think about you...
.....!!
bam
bam
(someone knocking on the wall)
.....



I feel like something clicked and we're allowed to...
Eh?
Ah!
Don't think we became a couple because of you!
Erm...
Should I close the shutter?
After this, I'll totally deny it ever happened.

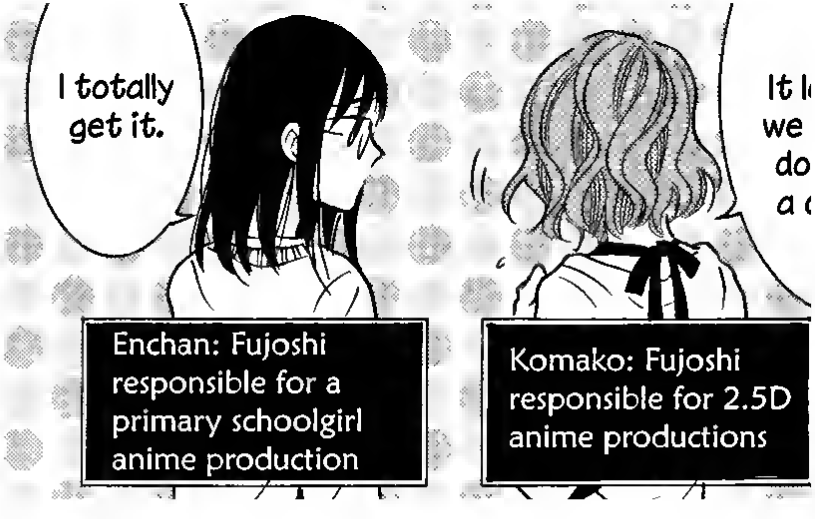
And thus, together, they defeated the devil king

and spent their lives happily ever after.



fin.

TL/N:
As you surely noticed, on page 159 the author used the word “Fujoshi” (腐女子).
We think the definition of the word “Fujoshi” might be changing as Yuri as a genre evolves.
That’s why we believe that the author misused the term here and didn’t mean BL fan but rather generally female otaku or even yuri fan.



I totally get it.
